## SHARE 100M PRO V2

102 MP Medium Format Camera for Aerial Surveying

*Extended Vision, Immersive Reality*

# Extended Vision, Immersive Reality

# SHARE 100M PRO V2

102 MP Medium Format Camera for Aerial Surveying

102 Million Effective Pixels

Medium Frame Sensor

Customizable Focal Length

Smart 3-Axis Stabilized Gimbal

TimeSync 2.0  
Supports GCP-Free Operations

1.8mm Level Realistic 3D Modeling

Dimensions & Weight	133 x 184 x 162 mm; 880g
Supported Aircraft	Compatible with DJI M350 RTK and various multi-rotor and fixed-wing drones from different manufacturers
Camera Interface	DJI Skyport Interface & Universal Aviation Plug Interface
Effective Pixels	102 million pixels
Sensor Specifications	IMX461, Size: 43.8 x 32.9 mm, Pixel Size: 3.76um
Lens Focal Length	50mm/70mm
Storage Capacity	Dual 512GB storage modules
Parameter Adjustment	Features adjustable ISO, white balance, color mode, and shutter speed settings; Bluetooth parameter adjustment capability
Video Resolution	4K (3840 x 2160), 30 fps
